

1. What goals do you have as Communications VP for the 2018-2019 year?

- One of the goals I have is to start a program by the name of “Phone a Friend”. In this program, someone from the regional board would call a NFTY general member once a month. Sometimes people can feel that NFTY-STR regional board members are “rockstars” and my main goal is to bridge the gap between the people in the region and its leaders.
- Another goal I want to achieve is to create an “Ask NFTY” Live on Instagram and/or Facebook, so if people have any questions they can get clarification on it.
- I want to communicate with everyone to ensure that they will feel included in all things NFTY. NFTY is a family and I want to remind them of that.

2. Why have you chosen to run for Communications VP?

I have chosen to run because I truly love the idea of communicating and showing what NFTY is all about. NFTY has made me become a better person and without it I would not be who I am, it has helped me learn about my culture and communicate with others. I am talkative and I am not afraid to be myself. I love the idea of working with people and communicating through social media and photography...as the saying goes, “a picture is worth a thousand words.”

NFTY STR CHAI FIVE

Winter Regional '18

UPCOMING EVENTS

- **Dec 26-30, 2018**
Winter Regional

3. List what experiences make you qualified to be Communications VP

I have done the job of CVP but under a different title in a different organization. I am currently the Lieutenant Governor of Key Club. As the Key Club Lt. Governor, I focused on volunteering, leadership, and communication. I have created merchandise, managed multiple social media accounts and increased unity within the organization. Over my first three years of High School, while I have been active in NFTY, I have been super involved in Key Club and as I have thought about it this year I realized that another one of my true loves is NFTY and I want to be able to bring my experiences home to NFTY-STR and help to continue the amazing things that this region does.
